SPORT SURFACING SYSTEMS

Volleyball, basketball, tennis and badminton. D8, 8mm, Blue, Red & Yellow.

Volleyball + basketball D8, 8mm, Blue & Yellow.

Decoflex™ Multipurpose Outdoor Sports Surfacing Systems consist of polymerically bound rubber particles and are specifically designed and engineered as all-weather athletic surfaces.

Decoflex™ Multipurpose Outdoor Sports Surfacing Systems are ideally suited for the following all-weather sports applications:-

- multipurpose playing fields
- tennis courts
- basketball courts
- volleyball courts
- handball courts
- badminton courts
- recreational grounds
- street courts

#### ADHESIVE

The Decoflex™ Multipurpose Outdoor Sports Surfacing Systems are bonded to the prepared sub-surface as well as the build up of the systems itself, using only Decoflex™ Adhesive.

Decoflex™ Adhesive is a high grab strength, two component, high solids curing urethane adhesive which bonds tenaciously after curing.

#### COLOURS

Decoflex™ can be supplied in a multitude of colours either singularly or mixed to the choice of the customer. Standard colours are: red, green, blue, yellow, purple, signal green, brown, capri-blue, eggshell, blue-grey, lemon yellow and grey.
