Cardio & Strength.

Neoflex Resilient Flooring.

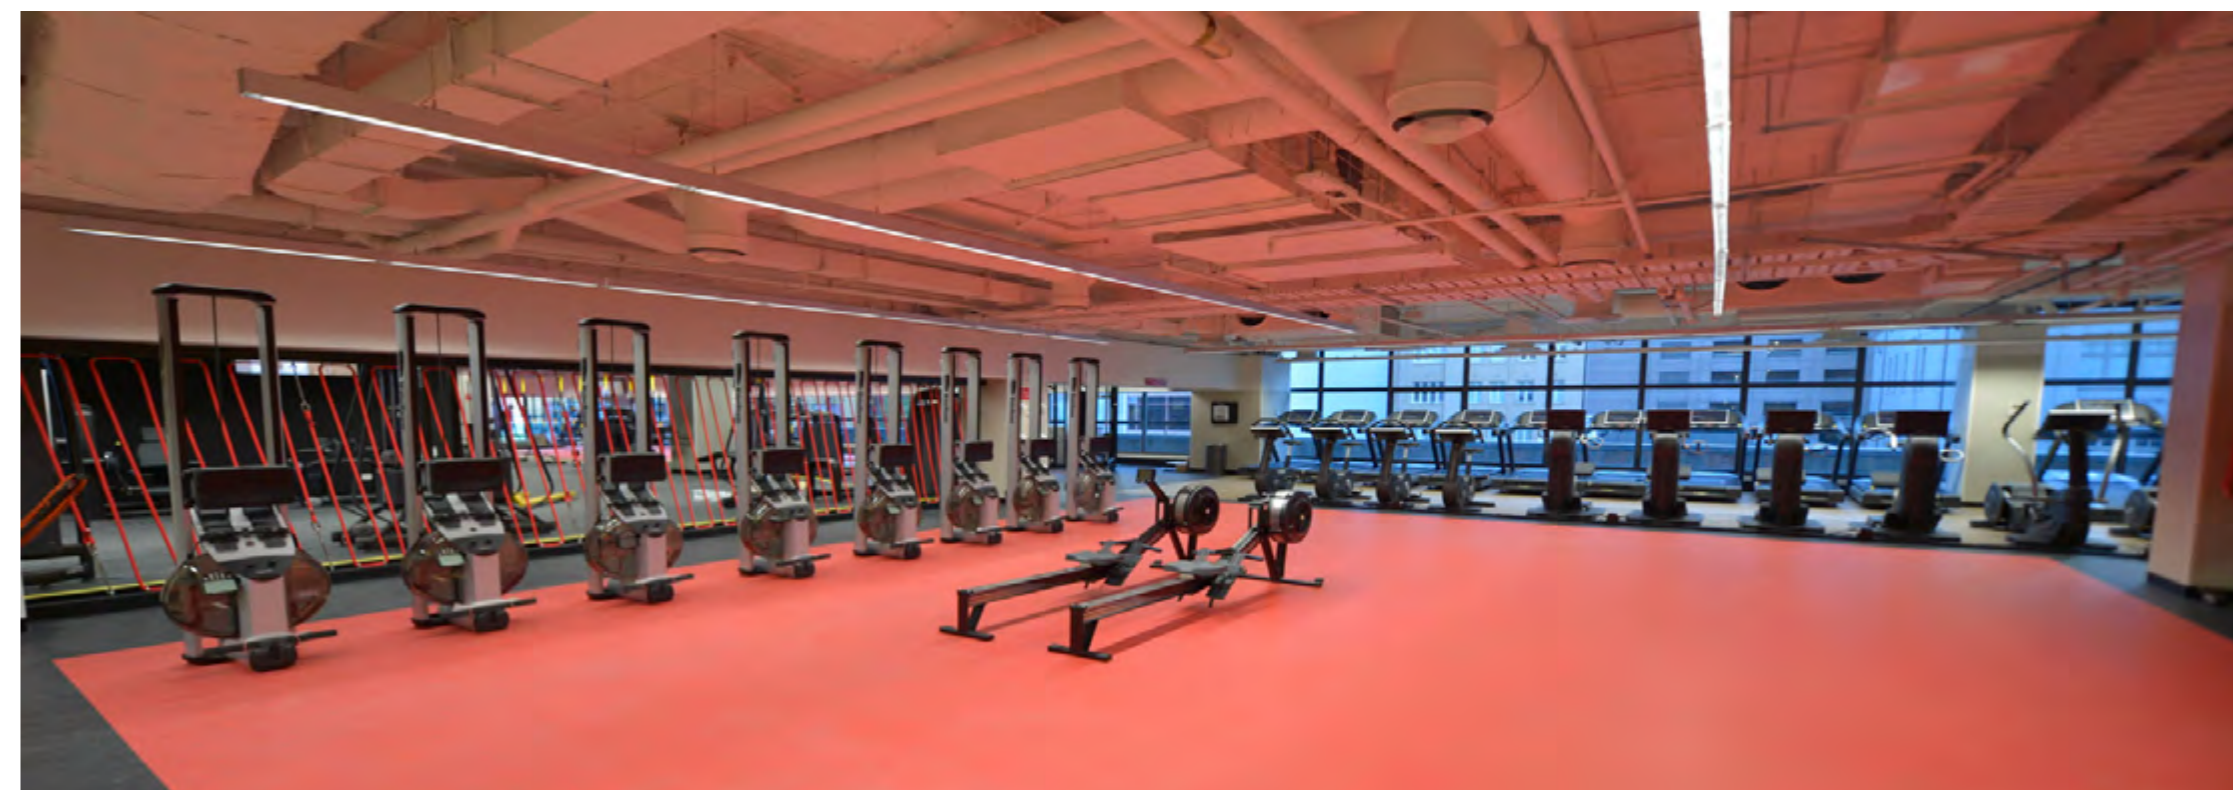

- The Neoflex™ product range designed to suit Cardio & Strength Areas is a sheet rubber product that is available in a wide variety of color series, and flammability standards to meet the technical, aesthetic and budgetary requirements of all users
- Neoflex™ is available in rolls, square tiles, or interlocking tiles

*Fitness First Platinum Bond St
Sydney, Australia*

NEOFLEX

Free Weight Areas.

Neoflex™ High Impact Tiles.

- 20 mm to 100 mm thick robust, resilient rubber tiles installed in free weight and olympic lifting areas
- Designed to attenuate the force, noise and vibration associated with dropped free weights that thinner surfaces cannot achieve
- Provide superior sound and vibration insulation ensuring that areas below, beside and above the gym remain quiet
- Available in a wide variety of colors and finishes

*Pro Fitness Gym
Harare, Zimbabwe*

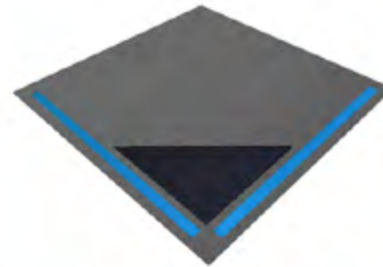

HIGH IMPACT TILES

Functional & Agility Zones.

Neoflex REPTiles & Duo Tiles.

- 1m x 1m heterogeneous modular (square) rubber tiles
- Terrific surface choice for freestyle areas, functional and agility exercises, as well as Queenax and TRX activities
- Logos, agility and functional zone markings are in-laid into the surface for maximum effectiveness and usability
