

**Neoflex™**  
**600 Series**  
 for Pool Surrounds

## Safety flooring has never looked this good.

Neoflex™ Resilient Flooring stands out as an innovative, aesthetic and environmentally-friendly choice for pool surrounds. It is a single-ply rubber safety floor that is flexible and will not crack, peel or delaminate.

In today's world, where safety flooring is a functional necessity for recreational installations, Neoflex™ is a perfect choice for the most demanding of resilient pool surrounds, changing rooms, patios, terraces and other high traffic areas. Made of the highest quality synthetic rubber, Neoflex™ has an international reputation for durability, resilience, anti-slip safety, comfort and good design.

Neoflex™ is treated with a microbial preservative to ensure added value in the form of lasting micro-organism resistance and a longer useful life. You can count on Neoflex™ safety flooring for many years of trouble free use.
